## EXPERIENCE:

### **CAPTAIN.TV** | *Associate Art Producer*

*May 2022 - March 2023*

- Manage about 100 character skins through multiple art pipelines each week, through concept, animation, processing and implementation.
- Art management including editing to ensure high quality standards of concepts and final assets.
- Design skin submissions for special dev drops/event skins/seasonal promos.
- Oversee and manage a team of internal artists and various outsourcing houses through assigning tickets, time management of skin release schedules, and art critiques.
- Provide constructive feedback on each ticket for concept phases and animation.
- Collaborate with various teams on processing improvements.
- Work with the art director and art producer to ensure efficient movement in the art pipeline.
- Keep track of and organize character assets, event assets, variants and streamer submission tickets for 3 games.
- Ensure each asset is correctly created, managed and processed each week.
- Coordinating ideas and solutions to the art pipelines with game developers, engineers and designers.

### **ILLUSTRATION** | *Freelance Illustrator*

*October 2018 - Current*
